Village.

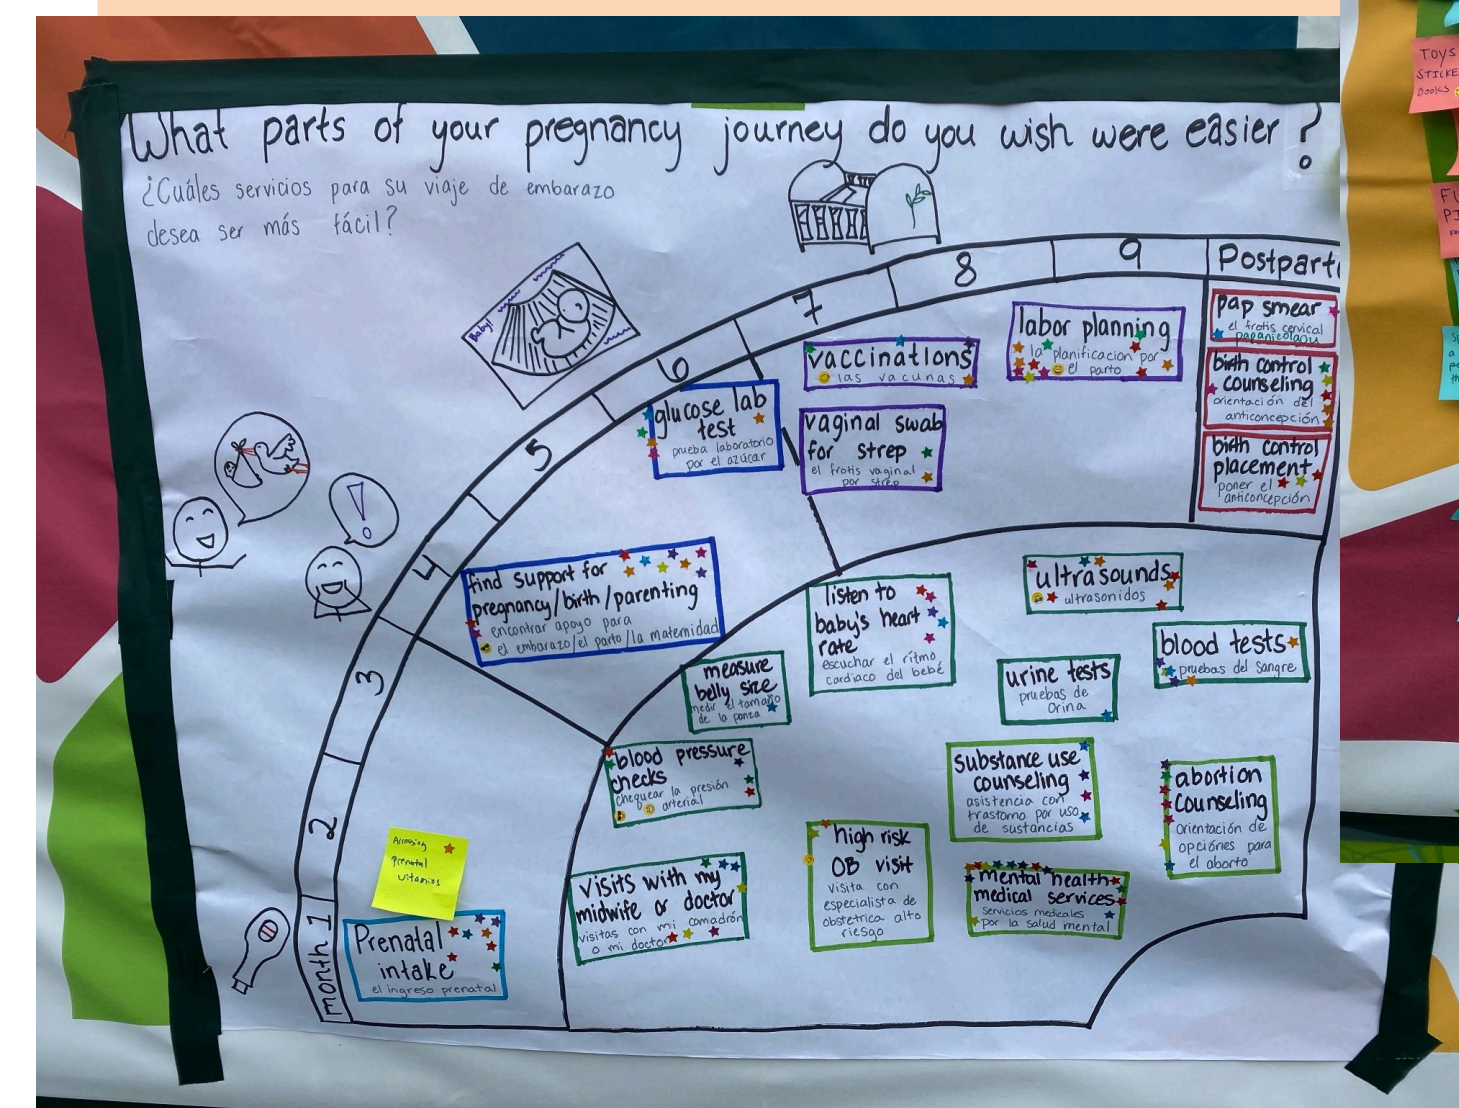

Implementation of Mobile Medical Pregnancy Care Through Community Engagement and Partnership

Zoë Onion, Malini Nijagal M.D.

Methods:

September Engagement

Which parts of your pregnancy
journey do you wish were
easier?

Which services would you want in
a mobile clinic here at Pop-Up?

October Engagement

WHERE I WANT MY CARE

Are you currently pregnant, or within one year of pregnancy?
[] YES [] NO

1. Circle the three services you most want at Pop-Up
2. Check where you would prefer to get each service.

	AT POP UP	AT CLINIC	ON MY PHONE
GET EVALUATED WITH...			
Ultrasounds			
Blood tests			
Baby weight			
Breast exams			
Blood Pressure			
GET BIRTH CONTROL PLACED...			
Nexplanon (arm implant)			

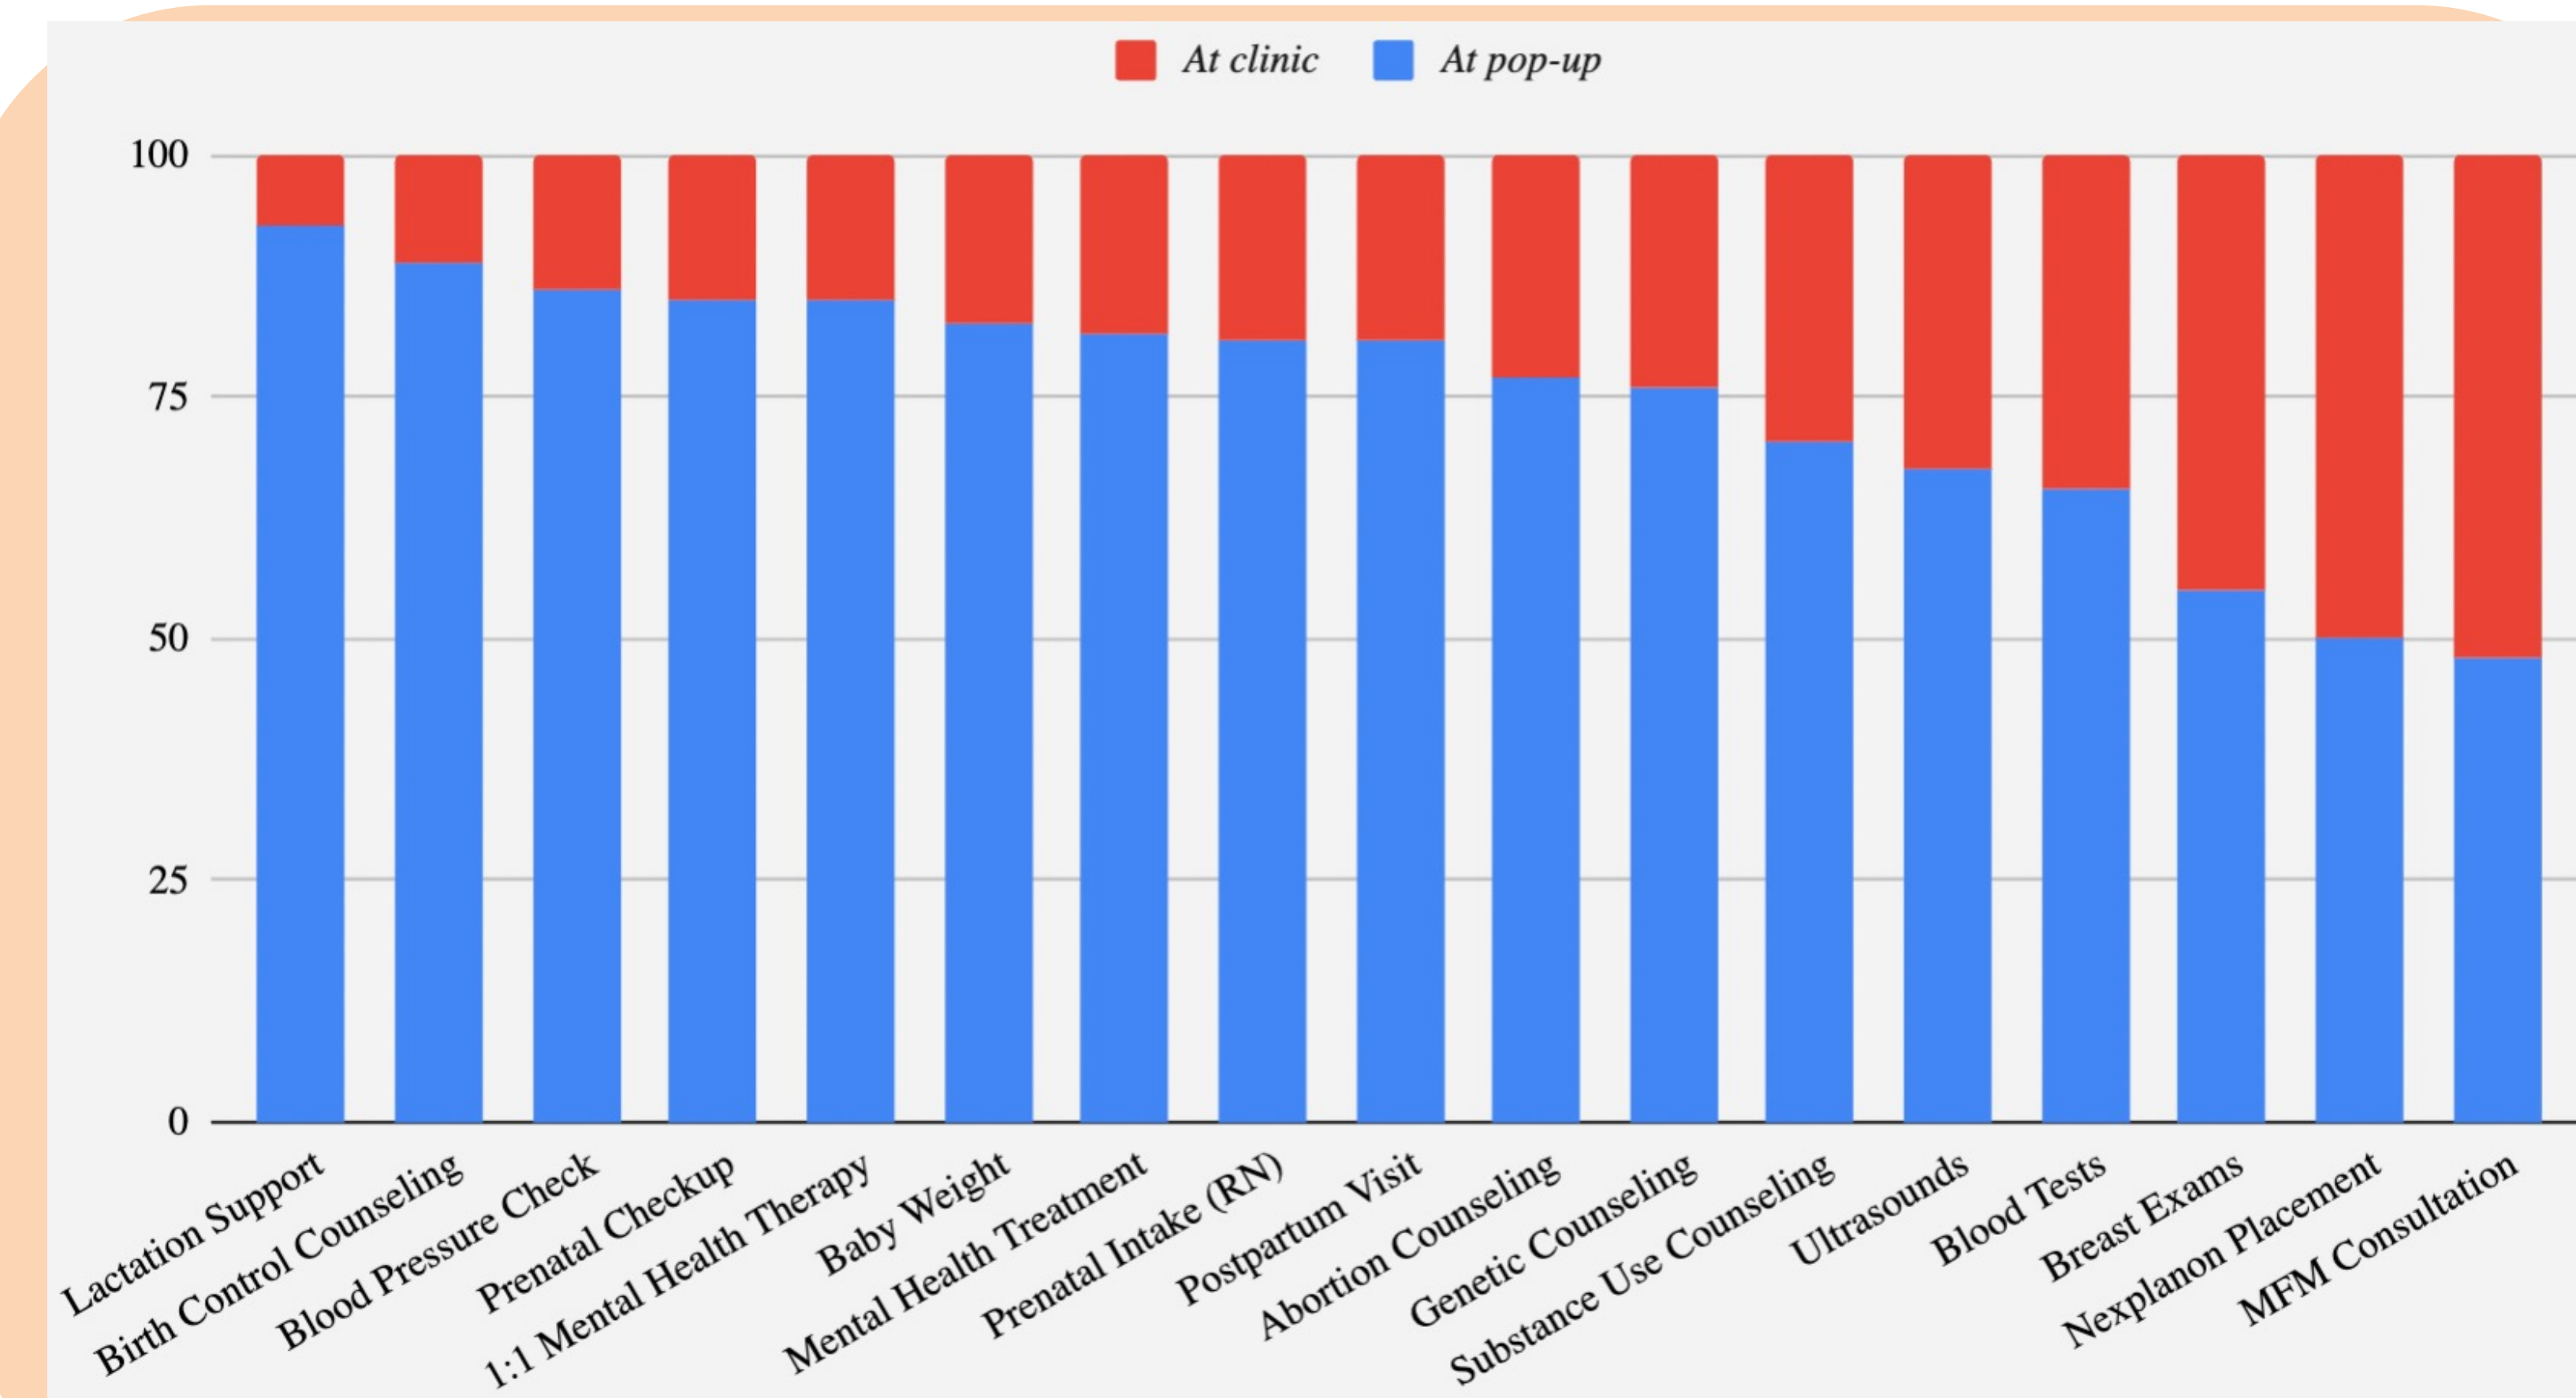

Results:

Most desired mobile services:

- Lactation Support
- Birth Control Counseling
- Blood Pressure Check
- Prenatal Care
- 1:1 Mental Health Therapy

Discussion:

- Mobile clinical services are desired
- There is desire and need for prenatal care access
- Currently in beginning stages of implementing prenatal care visit with ultrasound for dating, counseling, and connection to care.
